Subject: Women's Safety – Block of Flats Exclusively for Women in Every City/ Colony

Dear Sir,

Keeping in mind the very real concern of safety of women, it is hereby proposed that it be made mandatory for every Housing Authority/ upcoming colony to either construct or earmark an area for at least one block of flats meant exclusively for lone women, on the lines of current provisions for Economically Weaker Sections (EWS).

It may be noted that whereas EWS is an obligation on the coloniser/ builder, the women-only blocks of Flats shall sell at rates comparable to other similar properties meant for general public.

All managerial staff in the Block could also be women. This would provide a safe home for women in need of one. Concern of parents of daughters would be addressed in a perfect manner. This would go a long way in empowering women and enabling them to grow to their full potential, once the stress of security is taken care of.

Many a steps need to be adopted to address the issue of safety of women; this is just one of these.

I shall highly appreciate if the suggestion can be given a considerate view. The Almighty has blessed you to be in a position to make a difference.

Yours sincerely,

[Birendra Kaur, Settler]
